

Southborough Primary School Art - Progression Map

We follow the National Curriculum. We deliver subjects through the Harmony Project which covers all of the National Curriculum objectives. It is a knowledge and skills based curriculum. The skills repeat – so if a child is absent they have the opportunity to cover the learning again. The skills build over time.

The knowledge taught to children is tailored to the local context.

Units are shown in the term they are taught Autumn Spring Summer

Blue questions are additional/optional to ensure a progression year on year

There are some questions on the medium term plans which have not been added or mapped here as they do not fit into a progression eg 2 lessons on ink and one on photography. They can still be taught if time allows.
